Welcome to the first edition of our new client newsletter *"What's the buzz...?"*

Celebrating 35 years in business

A message from Tammey Sullivan, Owner and Founder of HealthCare Benefit Services Inc.

When I started HealthCare Benefit Services (HBS) in 1988, I never could have imagined the level of success we have accomplished as a locally owned and family operated insurance agency. Over the past 35 years, we've had the opportunity and pleasure of serving thousands of clients and families across Colorado and other states.

We are so blessed that you all have chosen HealthCare Benefit Services to help guide you in your decisions for Medicare. Because of our many clients like you, our business has continued to grow and expand. We're excited to share that the HBS team has expanded too! Our new team members are like family and we are excited to see where this new chapter leads us.

We would not have the success we do today without the referrals many of you have given us throughout the years. Thank you! Please keep them coming.

For those of you that are engaged on social media; visit our NEW [Facebook](#) page, leave us a recommendation on [Nextdoor](#), or post a review of your experience with us on our [Google Business Page](#) (just click the name of the media you want to visit and you'll be taken to the HBS related page). Another thing I never would have imagined 35 years ago!

Here's to celebrating 35 years in business and our amazing clients that helped us get here!

Cheers to what is to come in 2023!

Tammey Sullivan
President
